### Division of Water Rights

KENT L. JONES  
State Engineer Division Director

April 4, 2019

Jason Reney  
6015 N 3600 W  
Brigham City, UT 84302

Dear Mr. Reney:

I wish to congratulate you on being selected by the water users for the position of Deputy Water Commissioner on the Weber River and Ogden River distribution systems within the Salt Lake Valley area. You are hereby officially appointed Deputy Water Commissioner, assistant to the Water Commissioner, as outlined in state rules R655-15.

Measuring, regulating and reporting water deliveries/diversions on these river systems are important work. Water is distributed to rightful users based on supply and water right priority dates and limits. Your efforts and recordkeeping help achieve the mission of the Division of Water Rights to provide order and certainty in the beneficial use of Utah's water. As you become more familiar with water measuring devices, we anticipate you will have some questions. Your questions should be directed to your supervisor, the Water Commissioner, Cole Panter, at (801) 791-5529. Other members of my staff are also involved with your work either directly or indirectly and may help answer questions as needed and can be reached at the number below.

Because your services are essential to operate these two river systems this season, it is important that we get you processed as a state employee of the Division of Water Rights as soon as possible. If you have questions about state employee status or salary or payroll, you may speak with our accounting staff at the number below.

Sincerely,

Kent L. Jones, P.E.  
State Engineer

cc: Cole Panter, Water Commissioner  
Stephen Osguthorpe, Committee Chairman
